### SEARCH HINTS:

- To find your search term anywhere in the record, select Any Keyword as your Search Type.
- Use AND to *narrow* your search. The system finds only those documents that contain both the first AND the second search terms.
- Use OR to *broaden* your search. The system finds all documents that contain the first search term OR the second search term OR both.
- Use NOT to *restrict* your search. The system finds all documents that contain the first search term, but NOT the second.
- The system finds terms located anywhere within the selected search types (Author, Subject, Title, or Any Keyword).
- If you do a keyword search on a phrase such as *low input agriculture*, the system searches for *low* AND *input* AND *agriculture* and finds only documents that contain all three words.
- If you limit a search with a date, your results will include all documents that were published in that year and later.
